

Blood Detective Nutritionals

D3 5,000

- **A dietary supplement to promote the body's absorption of calcium and phosphorous, which are essential for the development and maintenance of healthy teeth and bones.***
- **New research suggests that it may support immune system function by supporting healthy cell growth.***
- **Supports:**
 - Bone Health*
 - Calcium Balance*
 - Cardiovascular Function*
 - Healthy Cell Growth*
 - Immune System Modulation*

About Vitamin D:

- Vitamin D is a fat-soluble vitamin that is essential for maintaining normal calcium metabolism. Vitamin D3 (cholecalciferol) can be synthesized by humans in the skin upon exposure to ultraviolet-B (UVB) radiation from sunlight, or it can be obtained from the diet.

Calcium Balance:

- Maintenance of serum calcium levels within a normal range is vital for normal functioning of the nervous system, as well as for bone growth, and maintenance of bone density. Vitamin D is essential for the efficient utilization of calcium by the body.

Cardiovascular Support:

- Adequate vitamin D levels may be important for maintaining blood pressure within normal ranges.* Vitamin D also impacts heart health by supporting the body's natural cytokine production and vascular function*

Cell Differentiation:

- Cellular proliferation is essential for growth and wound healing. Uncontrolled proliferation of damaged cells is unhealthy. Vitamin D inhibits uncontrolled proliferation and stimulates differentiation, which is the process of specializing cells for specific healthy functions.*

Immunity:

- Vitamin D is an immune system modulator to support healthy T Cell and macrophage responses.*

Supplement Facts

Serving Size: 1 Capsule

Amount Per Serving

Vitamin D3 (cholecalciferol) 5,000 IU

Other ingredients: vegetable cellulose, microcrystalline cellulose, vegetable stearate.

Warning: Individuals taking more than 2,000 IU per day should have their Vitamin D levels monitored. If you are pregnant or nursing, consult your health care practitioner before taking these or any nutritional product.
